

REVOLUTIONIZE YOUR CLAIMS PAYOUTS WITH Transcard SMART DISBURSE

MUTUAL INSURANCE COMPANIES:

Pay claimants faster, in their preferred payment method

Finding cost effective ways to pay claimants faster, in their preferred payment method, is critical. With SMART DISBURSE, insurers can pay money fast and conveniently to the claimant's computer or mobile device.

Step 1 Claimant receives an email, SMS, or embedded link notifying them that funds are available.

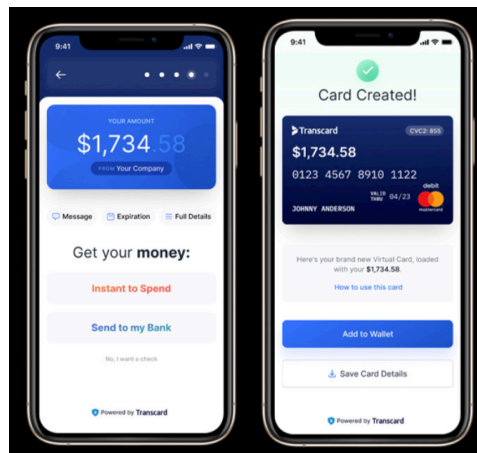

Step 2 They verify their claim number and identity (multiple options available).

Step 3 They authorize payment with a digital signature.

Step 4 They select their preferred payment method (Credit Card, ACH, RTP, Check).

Step 5 They receive their funds – sometimes within moments.

SMART DISBURSE is fully integrated and seamless connected with your IMT Computer Services software. Mutual insurance customers can easily use their PC or smartphone to

receive payments. User-friendly, intuitive and boasting bank-grade security, this solution offers a big change from mailing a check. You can now provide several options for customers to receive claim payments instantly! You can also use SMART DISBURSE to pay claims, vendors, commissions, and more.

Don't let antiquated methods of paying out claims put your mutual insurance company at a disadvantage.

Contact Greg at ReliaFund: 763-226-2005 or glowery@reliafund.com for a demonstration of how SMART DISBURSE can transform the way you pay claims.
